

FIRE EXTINGUISHERS, AUXILIARY MIRRORS AND SAFETY PRODUCTS

Safety

FIRE BLANKET

The high performance, compact fire blanket is highly efficient in smothering fires in the earliest stages, by immediately starving the fire of oxygen. Fast and effective control of any fire is vital, so the fire blanket is manufactured to the highest specifications. Tested, approved and certified to the current British & European Standard BSEN 1869: 1997, and are kitemark certified. Top quality fire blanket packed in a flat wall-mounting container to suit most applications. They can be used in domestic, industrial and leisure environments. When combined with a Dry powder Fire Extinguisher, a total fire safety system is easily created. Container size H205mm x W175mm x D45mm

EXTFB1 Fire Blanket W1000 x H1000mm BSEN1869
